

Want to be paid for installing a rainwater tank at your house?

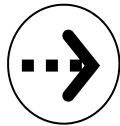

You can... through our research project aiming to protect Little Stringybark Creek.

www.urbanstreams.unimelb.edu.au

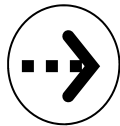

Funding to protect and restore Little Stringybark Creek

This is a limited and once only offer that could pay for **ALL** the installation and purchase costs of your rainwater tank.

Don't want a rainwater tank?

Talk to us about other ways you can reduce the impact of your stormwater on the creek that we can help fund.
